BERLIN AGREES TO ALL DEMANDS

Disavows Sinking of Arabic and
Regrets Loss of Life.

WILLING TO PAY INDEMNITY

Official Washington is Gratified and Relieved by the Diplomatic Victory. Note to Great Britain on Interference With Trade Will Go Forward in a Few Days.

Washington, Oct. 6.—Germany has completely acceded to the American demands for a settlement of the Arabic case.

The imperial government, in a letter presented by its ambassador, Count von Bernstorff, to Secretary Lansing, disavows the sinking of the vessel, announces that it has so notified the submarine commander who made the attack, expresses regret for the loss of American lives and agrees to pay an indemnity to their families.

Official Washington was both gratified and relieved by the diplomatic victory. The communication delivered by the ambassador, pursuant to general instructions from his government, spread absolute confidence that there would be no more submarine controversies between the United States and Germany, for the document reveals that stringent orders have been given to submarine commanders to prevent a recurrence of such incidents as the Arabic.

Since this case embraces the principles for which President Wilson contended in his notes, following the torpedoing of the Lusitania and the Falaba, the concessions made by Germany to the American viewpoint are generally regarded as paving the way for amicable settlement of all the cases which have threatened severance of diplomatic relations between the two countries.

German Ambassador Happy.

Count von Bernstorff left here happy over the results of his work, expressing the confident hope that relations between Germany and the United States would continue to improve.

With the settlement of the Arabic controversy the dispatch to Great Britain of the long delayed American note on interference with trade is expected within a few days.

President Wilson has consistently refused to send this communication while the issues with Germany were pending, because the Berlin government had, through its notes, given the impression that on the action which the United States took with one set of belligerents depended its own conformity to international law.

As the issues with Germany appear now to be adjusting themselves the president, it is known, feels free to press Great Britain for a modification of the orders in council and restrictions of American trade.

It was not until the German ambassador submitted his letter that the change in the relations between Germany and the United States became definite. Until that hour the suggestions which Count von Bernstorff had made were considered unsatisfactory.

CASHIER CONFESSES GUILT

Admits Taking Cash and Locking Himself in Vault.

Fort Worth, Tex., Oct. 6.—Found locked in a bank vault and telling a story of an attack by two bank robbers which netted them \$8,342, J. T. Adams, cashier of the State Bank of Keller, confessed, according to County Attorney Spoor and Chief of Detectives Montgomery, that he himself had appropriated the cash missing from the vault, \$4,764 of which was recovered.

Adams, on a charge of embezzlement, is held in jail under bond of \$2,000.

BOY IS BURNED TO DEATH

Girl Severely Hurt in Attempting to Save Youth.

Windom, Minn., Oct. 6.—Roscoe Silliman, the little son of Roy Silliman of this place, was mortally burned when he attempted to pour gasoline onto a bonfire he and other children had made. Some of the gasoline spilled on his clothing and the blaze communicated to it.

Miss Sylvia Gustafson, a school girl, attempted to extinguish the flames by rolling him on the ground and her hands were severely burned.

The boy died several hours later.

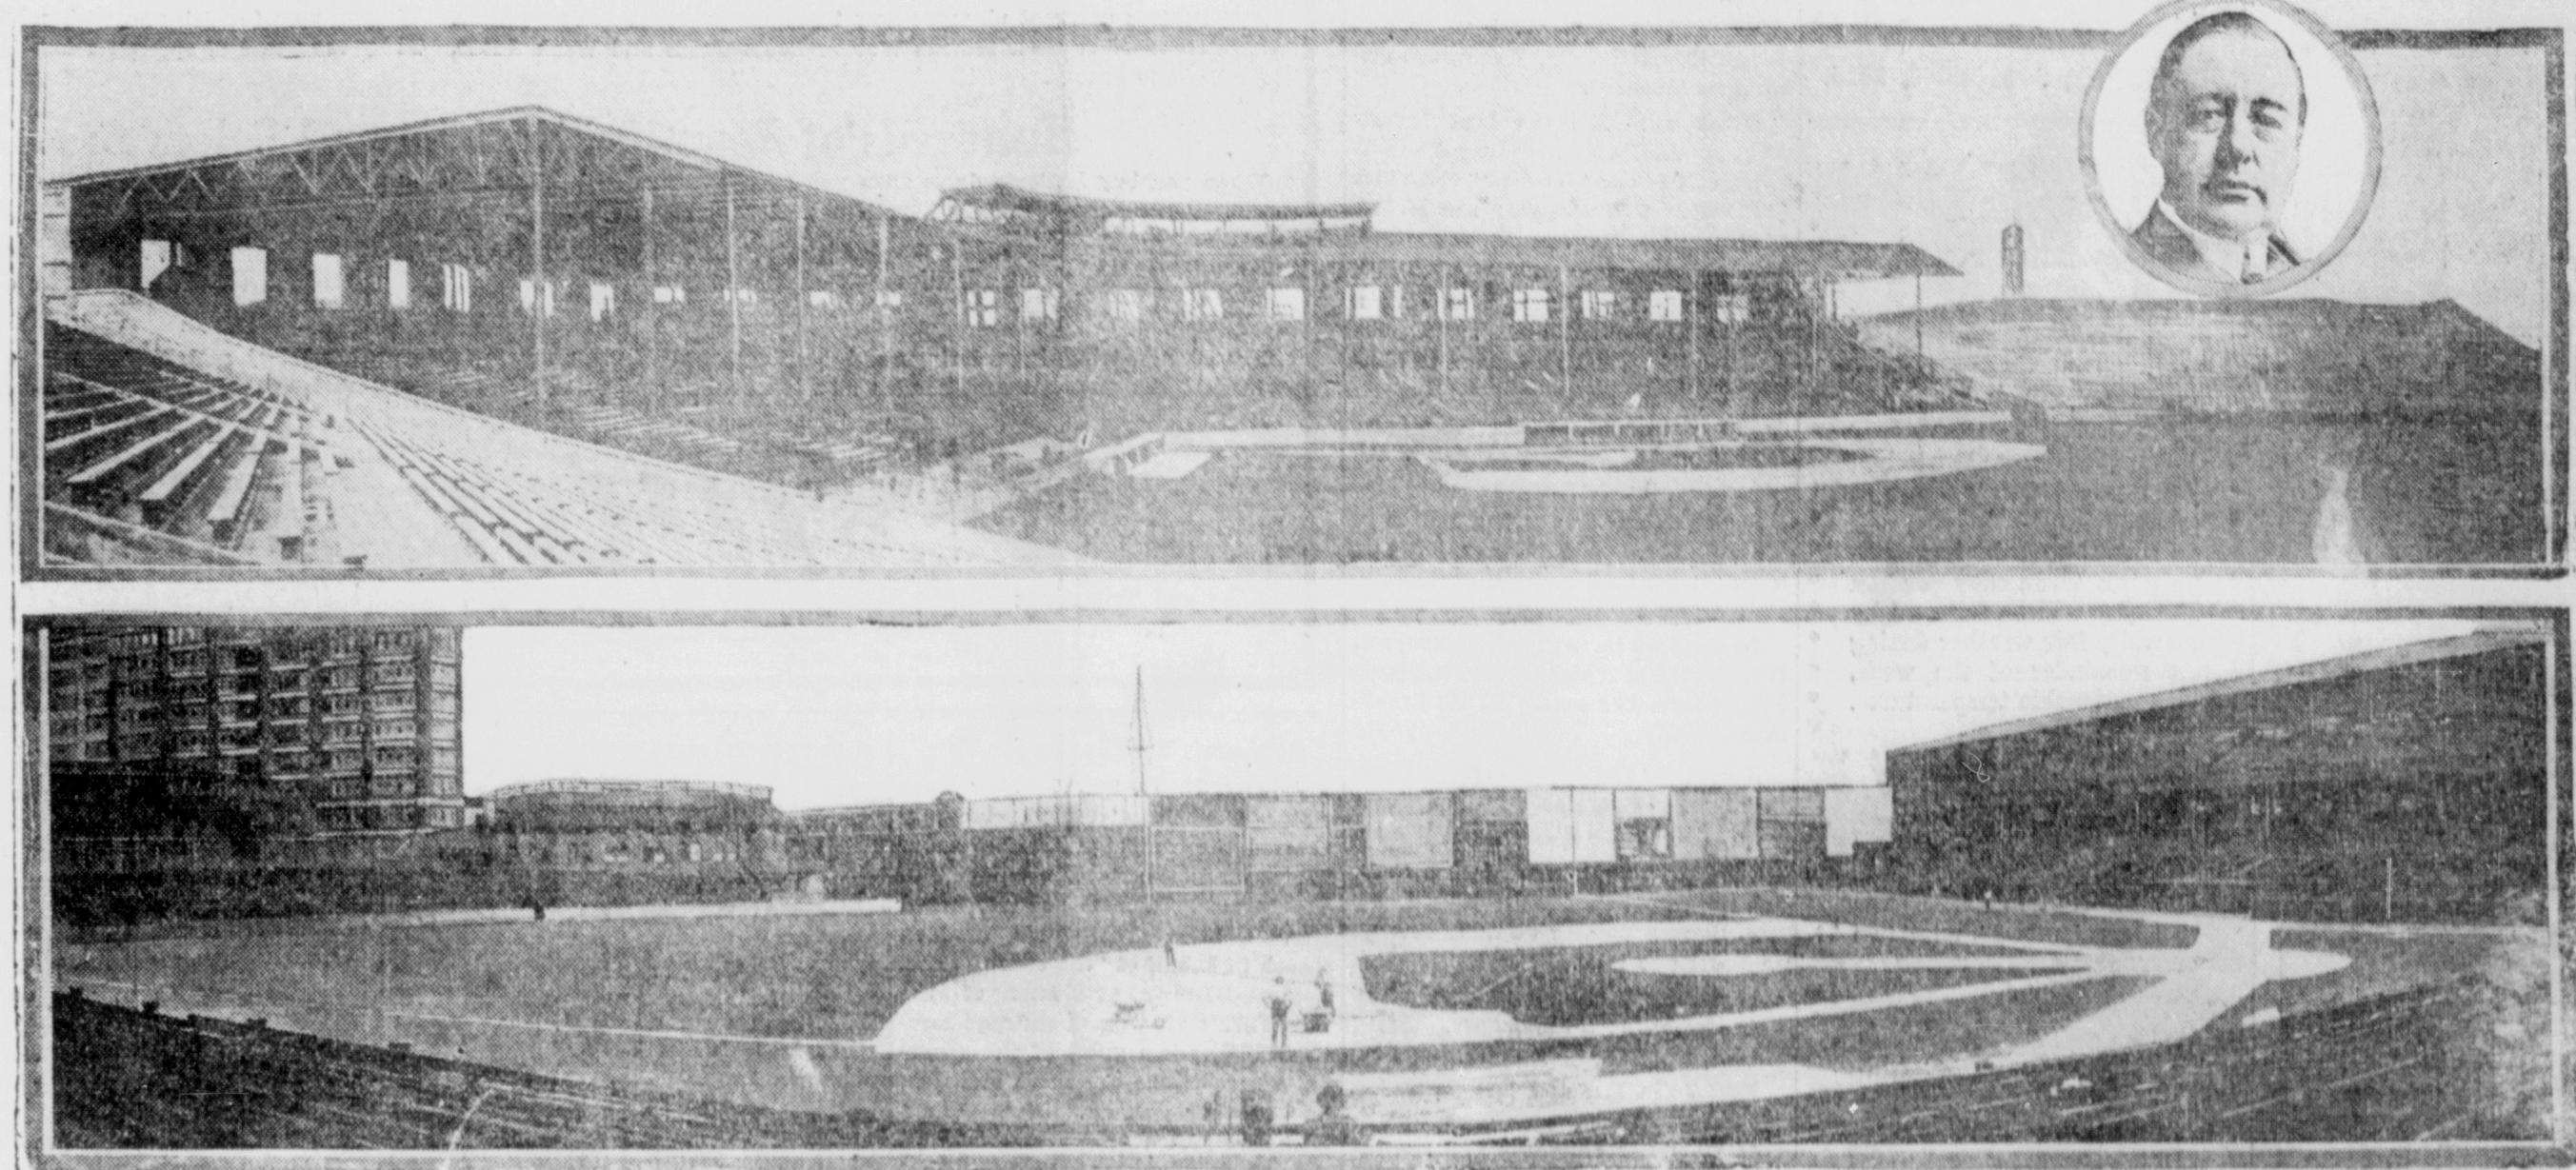

Relief for Storm Victims.

New Orleans, Oct. 6.—Relief work has begun to aid the 2,500 victims of the recent hurricane. Fresh water, clothing, medical necessities and food are being sent out as fast as possible. Damage to the levees is estimated at \$100,000.

Braves' Field, Boston

Baseball Grounds Where World Championship Will Be Played

James E. Gaffney.

James E. Gaffney, owner of the Braves Field in Boston, home of the present world champions, the newest and largest baseball park in the

country, has made arrangements to permit the Red Sox, the rival to his club in Boston, to use his grounds in the world series with Philadelphia.

The games in Philadelphia will be played in the National League Park. Gaffney's new park will seat 45,000 persons, and it is possible to

put a stand in the field from right center to left which will seat 20,000 more. At the regular prices Braves Field will hold \$30,000. But the re-

turns from the crowd at the world series will run much higher because

delphia park will seat 22,000, but a stand in the field might add several thousand more.

BULGARIA REJECTS RUSSIAN ULTIMATUM

(By United Press)

London, Oct. 6.—Dispatches from Petrograd say that Bulgaria has rejected the terms of the Russian ultimatum. Serbia must answer the Bulgarian ultimatum tomorrow.

BULGARIA DELIVERS ULTIMATUM

(By United Press)

London, Oct. 6.—Bulgaria delivered the ultimatum to Serbia.

NOTE.—It is known that Bulgarian mobilization is now completed, and it is believed Czar Ferdinand intends to strike Serbia before the allies have a chance to rush troops to protect the important Salonika-Nish railway. It is believed this definitely casts Bulgaria with the Germans. The ultimatum demands the immediate restoration of Serbian Macedonia.

GREEK CABINET RESIGNS

(By United Press)

London, Oct. 6.—A dispatch from Athens says the entire Greek cabinet has resigned.

GREEK PREMIER RESIGNS

(By United Press)

Paris, Oct. 6.—A dispatch from Athens says the reason for Premier Venizelos' resignation was because his war policy was not supported by his own ministry. When a vote of confidence in Venizelos was taken, eight members remained silent.

FORCED RESIGNATION

(By United Press)

Athens, Oct. 6.—It is learned this afternoon that King Constantine, fearing Greece was about to plunge into the war, hurried into Athens and forced Premier Venizelos to resign two hours after his arrival. King Constantine was at his summer home when he heard Venizelos had made a sensational speech asserting Greece would resort to arms, if Bulgaria attacked Serbia. The king ordered his automobile and rushed to Athens.

Paris, Oct. 6.—An official bulletin says Premier Venizelos' resignation has not stopped the landing of French troops on Greek soil.

Athens, Oct. 6.—King Constantine promptly accepted Premier Venizelos' ministry resignation.

Wilson Asks for Greater Preparedness

(By United Press)

Washington, Oct. 6.—President Wilson this afternoon struck out straight for greater preparedness in his address of welcome to members of the naval advisory board, calling upon them to unite with the government in establishing defense, and command the respect of the world.

Decided Definitely Protest to England

(By United Press)

Washington, Oct. 6.—The state department has decided definitely to protest to England against the detention of \$12,000,000 worth of meat products, the protest to be made formally, no separate formal note being sent.

Now for Lusitania

(By United Press)

Washington, Oct. 6.—"Now for the Lusitania case" is the official sentiment following the settling of the Arabic incident.

Brutal Methods Used by Police

(By United Press)

Chicago, Oct. 6.—Two women and one man were arrested for picketing in the clothing strike now on here. A committee is investigating the charges of brutal methods being used by the police to prevent picketing.

REPORT IS CONFIRMED

(By United Press)

London, Oct. 6.—The Greek legation this afternoon officially confirmed the report that Premier Venizelos had resigned.

CONSIDERS BALKAN SITUATION

(By United Press)

Paris, Oct. 6.—The French cabinet met this afternoon to consider the Balkan situation. President Poincaré presided.

FRENCH ARE GREETED

(By United Press)

Paris, Oct. 6.—Dispatches from Salonika say the Greeks enthusiastically greeted the French landing.

RUMANIA TROOPS DISPATCHED

(By United Press)

Athens, Oct. 6.—Dispatches this afternoon state that Rumanian troops have been dispatched to the Bulgarian front.

PREMIER VENIZELOS.

Greek Statesman Said to Have Resigned Post.

GREECE IS NOW CENTRAL POINT

War Storm May Break in Balkans Any Moment.

PREMIER VENIZELOS RESIGNS

King Constantine Is Said to Have Informed Cabinet Head That He Was Unable to Support His Policy—Russian Ultimatum to Bulgaria Remains Unanswered.

London, Oct. 6.—Greece is now the central point of the storm which is likely to break over the Balkans at any moment. The Greek premier, Eleftherios Venizelos, has carried his policies through the Greek chamber with a majority of forty, some members not voting, but the Athens correspondent of the Havas agency is authority for the announcement that Venizelos later resigned, because King Constantine informed him that he was unable to support the policy of his ministry.

Russia's ultimatum to Bulgaria remains unanswered. The crown council of that state is reported to have discussed for several hours the terms of the ultimatum without reaching a decision.

London takes it for granted that the policy of King Ferdinand and his ministers is so shaped as to favor the central powers, but strong opposition to participation in the war has developed in Sofia.

The Bulgarian premier, M. Radoslavoff, has declared, according to a Berlin newspaper: "We confront war and must defend our national interests. We must wrest from our enemies everything they took from us two years ago."

General Savoff, the former Bulgarian minister of war, is quoted in the latest casualty list as "missing and believed to have been killed."

Young Kipling was eighteen years old. On account of his delicate health his parents were reluctant to allow him to enter the army, but the boy insisted he should assume his share of the war and his father eventually yielded.

IOWA LIQUOR MEN TO FIGHT

Seek Loophole in Measure to Close Saloons Jan. 1.

Fort Dodge, Ia., Oct. 6.—Liquor dealers of Iowa in session here are outlining plans to fight to stay in business after Jan. 1. Speakers expressed a belief that where saloons are operating as a result of petitions from voters good for a five-year period and that period is unexpired they can continue to operate.

More than fifty dealers are attending the sessions, which are behind closed doors.

Saloon Men Think Order Will Stick

(By United Press)

Chicago, Oct. 6.—The saloon forces are dubious over the possibilities of success in overriding Mayor Thompson's Sunday closing order.

Kipling's Son is Missing

(By United Press)

London, Oct. 6.—The Morning Post said that John Kipling, only son of Rudyard Kipling, and the inspiration of many of the latter's best stories, is missing. It is believed he was killed in action. Young Kipling was only eighteen and in delicate health, but he insisted on volunteering in the Irish guards at the beginning of the war.

muscles, stiff joints. H. P. Dunn,
druggist.

Improvement Society

Owing to meetings of the city coun-
cil and school board the same Mon-
day evening, the proposed meeting of
the Southeast Brainerd Improvement

society was postponed to Wed-
nesday, Oct. 13.

Daughters of Confederacy Meet

Albany, N. Y., Oct. 6—New York
state's "first lady" today personally
entered the campaign for November
"votes for women."

The villagers of

Voorheesville, a local suburb, heard

Mrs. Charles Whitman's maiden

speech in behalf of "the cause."

Mrs. Raymond Brown, president of

the New York state woman suffrage asso-
ciation, who is a guest of the govern-
or's wife at the executive mansion,

was another speaker. Mrs. Whitman is
expected to make several

equal suffrage speeches in the capital
district before the November elec-
tions.

The official Governor Whitman is
"strictly neutral," being neither for
nor against "the cause." The plain

Mr. Whitman, however, endorses the
"votes for women" movement and

Mrs. Whitman's part of it.

Hibbing, Minn., Oct. 6—Victor L.

Power, mayor, and the village of Hib-

bing won the first important clash in

the legal struggle with the iron min-

ing interests growing out of their re-
fusal to pay village taxes amounting to

about \$750,000 and the whole com-
munity held a celebration.

The victory came when Judge Fes-
sler at Duluth dismissed the action of

the Oliver Mining company, Shenango

Furnace company and the Mahoning

Iron and Steel company and vacated

a temporary injunction restraining the

village from constructing a paved

highway to Alice, a distance of about

one mile, and completing a big cement

conduit for the village sewerage sys-
tem.

The plaintiffs charged that the im-
provements would place an unneces-
sary burden on the taxpayers and

made general allegations of extrava-
gance and mismanagement. Mayor

Power was especially vehement in his

counter charges.

In dismissing the action Judge Fes-
sler held he was without authority to

interfere with the project and said

that no fraud had been charged, much

less found, and that therefore there

was no ground for making the injunc-
tion permanent.

When news of the decision reached

Hibbing men gathered in excited

knots on the streets. Here and there

a cap was thrown in air.

The fire department dashed through

the streets with clanging bells to

Mayor Power's home.

Mayor Power ventured from his of-
fice and was hoisted on the shoulders

of excited men and paraded down the

COUNCIL FACES \$11,598.30 BILL

Water and Light Board Calls Attention of City Fathers to Delinquent Water & Light Rent

SOME CONTRACTED IN THE PAST

Board Wants a Joint Meeting With the City Council to Discuss Matter and Take Action

At the council's Monday night meeting the water and light board flashed a bill of \$11,598.30 to the city council for delinquent electric light and water rentals due the department.

The presentation of the bill did not phase the council. They did not shift uneasily in their seats, but simply made a motion to file the same and it was spikely on the hook on top of City Clerk Mahlum's desk.

The council knows the city is not suffering from a plethora of coin of the realm. The city has no money to pay for hydrant rental or street lights or for any work furnished the city by the water and light board.

Here is the letter from the water and light board:

"To the Hon. City Council,

City of Brainerd, Minn."

Gentlemen:

Your attention is respectfully called to delinquent electric light and water rentals due this department as per attached statements.

You'll notice that the amounts are large (total being \$11,598.30) and the board feels that some effort should be made to take care of this service.

Part of the amount shown in attached statement was contracted before the present council took office; but we have written assurance from committee of previous council that this would be taken care of.

No bills have been paid under the present administration; nor have we received any encouragement from you, and this department wishes to suggest that you take some steps to provide for meeting these obligations; or that you arrange for a joint meeting of the city council and the water and light board, at some date in the near future to be fixed by the council, to discuss the matter."

The recapitulation gives these figures:

Old electric light account.....	\$ 6,059.28
Old water account.....	350.00
Electric light rentals.....	1,330.90
E. L. supplies and labor....	446.93
Water rentals 1915.....	1,050.00
Int. on daily balances.....	2,361.19

Total amount due.....\$11,598.30

Regarding the electric light rentals of \$6,059.28, the board had assurance from the committee of the city council, under date of March 12, 1911, that the above amount was just and would be paid.

The second item, \$350, refers to water rental from Sept. 1912 to June 1914.

The next item of \$1,330.90 refers to electric light rentals from April to September 1915 inclusive and covers ornamental posts, Gregory square, alleys, etc., arcs, city hall and fire station.

The bill of \$446.93 represents supplies and labor furnished in March, 1915.

The item of \$1,050 covers water rentals from April to September 1915, inclusive, being 6 months at \$175 each.

The interest on daily balances, \$2,361.19, runs from May 1, 1909 to May 1, 1915. Paragraphs 2, section 60 of the city charter, provides that interest on public funds shall be placed to the credit of the several funds from which it shall have accrued.

SCHOOL BOARD 1915 TAX LEVY

\$44,200 to be Raised by Taxation, Operation of Schools Being Estimated at \$37,335

NEW IMPROVEMENTS MADE

Northern Plumbing & Heating Co. to Draw Pay for Completing its Contract

The school board at its regular meeting decided that a tax levy of \$44,200 was needed to be raised next year. In detail these are the figures:

For operation of schools.....	\$37,335
Int. on bonds other than state bonds.....	3,325
Fund for payment of bonds.....	2,200
Fund for replacing heating and ventilating plants and other building improvements.....	1,340
Total.....	\$44,200

The tax resolution was adopted. All members were present except R. W. Wise and J. W. Welch. Vice President George LaBar presided.

A communication from the secretary of the Minnesota Educational association called attention to the state convention convening in Minneapolis Oct. 27 to 30. Teachers who wish to attend can do so. It was left to the superintendent and secretary to make arrangements for substitutes for all teachers going.

J. Peterson, janitor of the Harrison school, wanted extra pay for janitor work done during the sessions of the night school last year and the special committee, Henry Moilanen, to whom was referred the matter, reported against any extra pay. The matter was laid on the table.

The building committee recommended to the board the final acceptance of the Northern Plumbing & Heating Co.'s work and that the balance due under contract be paid to the Eveleth company, which report was accepted and its recommendations concurred in. The work included ventilation at the Lincoln, some additional radiation at the Whittier, and a fan at the Washington building.

An extra boiler at the Lincoln has been insured by the finance committee.

Supt. W. C. Cobb submitted his monthly report on the book room which was accepted and placed on file. The president and secretary by resolution were authorized to make a temporary loan of \$2250 from the First National bank of Brainerd. Payrolls of the teachers and janitors for September as approved by the finance committee were allowed and ordered paid.

Evangelical Aid

The Ladies' Aid society of the Evangelical church of Northeast Brainerd will meet Thursday and be entertained by Mesdames C. Heller and Ray Heller at the home of the latter, 420 Second Avenue Northeast. Visitors are welcome.

Liquor Law Hits Clubs

Tampa, Fla., Oct. 6—Evasion of the Evans Package Liquor law, which has nipped the locker system, is puzzling social club members.

Recently they held an "evasion" meeting for a joint conference and invited the sheriff. The sheriff attended and assured the Elks Yacht country and foreign clubs' members that he would promptly arrest them if they violated the law. They are still trying to figure out how to do it without being arrested.

REPORT EXPECTED TO REFLECT GAINS

Northern Pacific Railway Stockholders in Annual Session in New York City

MANY SMALL INVESTORS GAINED

President J. M. Hannaford Declares Conditions in the Northwest Good, Crop Movement Slow

New York, Oct. 5—J. M. Hannaford, president of the Northern Pacific Railway company, is here for the annual meeting of stockholders to be held at the company's office at noon today. Considerably more than enough proxies to constitute a quorum have been received and everything is in readiness for the meeting. It is expected that the five directors whose term of office expires at that time, namely, Mr. Hannaford, Thomas W. Lamont, Lewis Cass Ledyard, J. P. Morgan and Charles Steele, will be re-elected.

The Northern Pacific has a classified board consisting of three classes.

The pamphlet report for the fiscal year ended June 30 will be made public on adjournment. It is expected to make a good showing, in view of the decreases in gross and net earnings.

Because of radical changes in the form of the report, in order to conform with the latest rulings of the Interstate commerce commission, it is understood that no attempt has been made at comparisons with the returns for the previous year.

It is understood that the proxies show that during the year a considerable number of shares has passed from the hands of stock exchange firms to those of individuals. It is evident there has been a steady absorption of Northern Pacific stock by small investors.

Nothing unusual is expected to develop at the meeting.

Mr. Hannaford is discussing the grain in the Northwest, said grain is moving somewhat more freely, but in view of the size of the crop what has been handled so far has not made much impression on the total.

Carloadings at Northwest points as a whole for September were larger than for the corresponding month of last year. Considerably more live stock in recent years is now being handled.

"There has been no material change in the lumber movement on Northern Pacific lines in recent weeks," Mr. Hannaford said. "The tendency, however, seems to be toward improvement. Farmers are beginning their fall plowing, but have not been able to engage in this work as extensively as at this time last year, because the season this year was from two to three weeks late for all crops. Soil conditions are satisfactory, and during the next few weeks a large amount of land will be plowed for next season's crop."

Commenting on the Anglo-French loan Mr. Hannaford said:

"While I have not given special attention to the matter I understand before leaving St. Paul that banks of the Northwest were disposed to subscribe pretty liberally to the French loan. In fact I heard that some capitalists and bankers with pro-German sympathies were in favor of giving their support because they felt that it is the duty of resident Americans to do all in their power to help along the trade between this country and Europe."

A Pessimist.

"Say, pop, what's a pessimist?"

"A pessimist, my son, is one who of two evils chooses them both."

AND IT WAS THE GALLANT COLONEL

Col. H. C. Stivers, Editor of Superior Telegram, Author of Booster Article in

THE SUPERIOR TELEGRAM

The Colonel Mentions the Tale of the Collector Who Went Around with a Dismal Face

On the front page of the Superior Telegram of October 5, in very black type and a border around the two column story, headed by this statement, "Just Another Booster Article," the Telegram says:

The following clipping from the Brainerd Daily Dispatch compliments the Booster Editorial in the Superior Telegram and makes a guess as to the authorship of one of the articles:

"The Superior Telegram is publishing a series of 'Boosts for Superior' in blackface type duly bordered and featured on the front page. They are very good and ought to make Superior a superior city."

"One paragraph at the close states that there is another value to these articles; you have the pleasure of guessing who the author is and Brainerd people and the Brainerd Dispatch say in one breath, 'It's Col. H. C. Stivers.'"

The Superior Telegram is glad the Dispatch enjoys our Booster stuff. The Telegram is beginning to enjoy it also.

Just to show you that there is something in a "boost" even in small matters we will tell you a real, true story.

The other day a collector from Duluth went into an art store in the New York block on Tower Avenue in Superior. This particular art store has been making money comfortably for years. Last year this art store made more money than any art store at the head of Lake Superior and of course the Superior Telegram is glad of it.

The collector had a bill of \$26 and the manager of the store went to the drawer to get \$26 which was there—and more also—but incidentally said to the collector, "How are collections anyway?"

The collector said: "Very bad indeed. In many cases, in fact, most cases, people are paying only half their accounts when they formerly paid it all."

"Is that so," said the manager of the store and with that the \$26 was dropped back into the till and \$13 was withdrawn instead.

The manager of the store then told the collector that \$13 was all that he would get that day so the collector lost \$13 and had to make another trip to that prosperous art store just because of his gloomy tale of woe.

Moral: Don't boast only for Superior but boast your own business as well. The time has come to stop talking calamity.

NEW CELLISTS

For Brainerd Symphony Orchestra Announced by the Director, Edwin Harris Bergh

Edwin Harris Bergh, director of the Brainerd Symphony orchestra has announced the new cellists for the orchestra.

Living models, types of feminine form, were gowned in the latest modes, and as each walked on the stage and gracefully turned about, the ladies caught a satisfying glimpse of how a gown looked on a woman who wore it in such shape as to bring out its best and salient points.

Mrs. Oswald Miller of Chicago, gave a style lecture. She is an expert corsetiere and fitted local models with corsets, later adding the garments and millinery best suited to each one's individuality.

And the beauty of the arrangements was that every gown, suit, coat etc., was from Michael's own stock.

At the rear of the store was the stage banked high with a background of autumn leaves. A promenade was provided. The color scheme of ivory and gold furnished a delightful setting for the rich displays made.

The counters had been removed from the north end of the store and seats provided for almost 200. Others coming later stood in the aisles or sat on the counters. Among the flower decorations were chrysanthemums. A Victrola furnished orchestral and other selections.

The windows of Michael's store were gorgeous with feminine apparel including dresses, gowns, suits, velvet coats, etc. So well has the style show been received by Brainerd ladies that it will be made a permanent feature of the store.

Attorney H. E. Peterson of Deerwood, known all over the range as one of its leading musicians, has consented to come down every week and attend rehearsals. He has contracted for all four symphony concerts.

He appeared with great credit as a soloist at the last concert of the Deerwood Choral club, playing in Deerwood and Crosby.

Wm. Rodenkirchen will teach cello in the Bergin violin school and play first chair in the cello section of the symphony.

Prof. Carl Swanson, lately located here as teacher of voice, has had considerable experience with good orchestra and will be a valuable addition to the cello section.

Those already playing are Wilfred Canan, Margaret Webb and John Gemmill.

Red Sox Look Better Than Phils

New York, Oct. 5.—Taken individually, player for player, the Red Sox look better than the Phils in the coming world series clash. However, the Braves of last year proved the utter futility of individual comparisons so here they are—take 'em for what they're worth:

(Continued Symposium World Series

Players From Yesterday)

PHILADELPHIA

PITCHERS

GROVER CLEVELAND ALEXANDER.—The best pitcher in baseball, at the present time, and one of the greatest game has ever known. His work this season classes him with the immortals, as he has won over 30 games. Practically 90 per cent of Moran's hope of winning the championship rests with Alexander. Came up from Indianapolis in 1910, and was farmed out to Syracuse, coming back up the next season. Has been quoted as saying he expected to pitch three games of the series if it goes over four games.

ERSKINE MAYER.—Famous for his under-delivery. Mayer came to Philadelphia in 1912 from the Portsmouth club of the Virginia state league and made good right off the bat. Has been of great aid to Alexander this year in keeping the Phils in the lead. He has worked in 30 odd games this year and has won most of them. Generally selected to pitch the second game of the series.

GEORGE CHALMERS.—A hard luck pitcher, and a good one. Chalmers was one of the sensations of 1909 and '10, but injured his shoulder and has been out of the game until this season. This year he came back, and has had fair success. To his credit it must be said he lost a lot of hard luck games this season. Chalmers went south with the Giants this spring and then went back to his old love—the Phils.

AL DEMAREE.—The tall cartoonist was one of 1913's best pitchers with the Giants. Is a curve ball pitcher with fairly good control. Had a bad season last year which prompted McGraw to let him go. He won more than half his games this season.

EPPA JEPHTHA RIXEY.—One of the tallest men in baseball, standing

6 feet 5 inches. Rixey came to the Phils in 1912 from a Virginia school, and has pitched with varying success. This year he has worked in twenty odd games, winning half of them.

GEORGE McQUILLAN.—Secured by Philadelphia from the Pirates in mid-season. McQuillan has been an in and outter, having been up and down throughout a fairly long career. It is not likely he'll get a chance in the series.

CATCHERS

BILL KILLIFER.—The man who leaped into fame as "the Killifer case." This year Bill has been the best catcher in the league, barring, possibly, Snyder of the Cards. Bill has a throwing arm second to none, and batted this season around .245. Bill was up with the Browns once, but went back, and was finally secured by the Phils. He became a regular in 1912.

ED BURNS.—Second string catcher, and a good one. Came up in 1911 from Tacoma, Wash., to the St. Louis Cards, but was shipped to Montreal from where the Phils grabbed him. Throws fairly well and bats around .230.

UTILITY

OSCAR DUGEEY.—Member of last season's champion Braves, who came to the Phils in the Magee deal. Regular position is third. Hits about .150.

MILTON STOCK.—Stock came from the Giants where he was tried out several years. The Phils got him as part of the Lobert deal. Stock has worked in 60 games this season and batted in the neighborhood of .260.

"BUD" WEISER.—Outfielder, secured from Charlotte in the South Carolina league. Has been used almost wholly as pinch hitter or runner. Moran thinks he has a comer in him.

BOSTON

PITCHERS

DUTCH LEONARD.—Generally conceded to be the best southpaw in the game. Came to Boston several years ago, and always has been a brilliant performer. Hung up the best record in the American league last year for effectiveness, as he allowed only one and a fraction runs per game. Has been one of Carrigan's most dependable pitchers this season, finishing with an average of over .700. Some critics have selected Leonard as the man to face Alexander in the opener, although the majority favor Shore.

GEORGE FOSTER.—One of the smallest and most effective pitchers in the American league this season. Much of the Red Sox success this season has been due to this diminutive mound man. He has worked in thirty odd games of which he has won twenty. Practically certain he will face Phils in one or more of the battles.

ERNIE SHORE.—One of latest pitching finds, and a good one. Shore came up from the old Baltimore club, when Jack Dunn sold out, and won a regular berth right away. He has been one of Carrigan's premier pitchers this season, and is favored in some quarters to pitch the opener. This year he won about 20 games. His 1-0 defeat of Detroit in that 12 inning tussle in which the Red Sox really won the pennant will long be remembered.

BABE RUTH.—Like the three other Boston pitchers, Ruth has been one of the most successful chucks in the league this season—a .700 workman. Ruth is a left hander, and besides being a pitcher of far more than ordinary ability, he has the distinction of being the best batter among the pitchers in the league. He hit above .320 this season.

RAY COLLINS.—Collins has had a varied career—last year he won a lot of games and was rated one of the best chucks in the circuit, but has fallen down this season. He has worked in only a few games, splitting about even.

VEAN GREGG.—Gregg is a veteran of the old Cleveland team which made such a good showing in 1913. Has worked in few games this season, and is not expected to get a fling at the Phils in the coming battle.

CATCHERS

FOREST CADY.—Boston has three catchers, of whom Cady is as good as any, and somewhat better at batting. He slugged this year around .245.

HARRY THOMAS.—Can be rated an "average" catcher. Fields well, throws well and bats around .235.

BILL CARRIGAN.—The Red Sox boss himself. Time was when Bill had a few peers at working behind the bat, but he has slowed up of late years, although still a good one. Hit only a little over .200 this season.

UTILITY

HAROLD JANVRIN.—Janvrin is a youngster, who has played infield positions with varying success. He is inclined to be somewhat erratic, which led to his being benched. Hits around .260.

HEINE WAGNER.—Carrigan's first Lieutenant, has slowed up, but still is a bad man because he knows a lot of baseball. He and Carrigan form the strategy board which took the Sox to a pennant.

ALLIED ATTACKS REPULSED

(By United Press)

Berlin, Oct. 6.—An official bulletin says all allied attacks during the last 24 hours have been repulsed.

How an Engineer Keeps Well

Railroad engineers are more exposed to catching cold than other workers. E. G. Dunaphant of Monette, Mo., has run a Frisco engine 25 years and all the medicine he has taken is Foley's Honey and Tar. He writes: "I always keep it in my house and recommend it to all who have a bad cough or cold." H. P. Dunn, druggist.

EFFORTS TO FORCE GERMAN LINES FAILURE

By J. W. T. Mason, for United Press

If the German estimate is correct that the French have suffered 130,000 casualties in the present western offensive and the British have lost 60,000, then, unquestionably, the efforts to force the German lines in Artois and Champagne must be considered a failure.

The measure of such successes as the Allies have just won in the west is the casualty lists. A temporary cessation of an attack tells nothing by itself. It would be quite normal for the Allies to cease their offensive for a moment in order to consolidate positions that have been won and to prepare for a new artillery assault.

If, however, the brief gains have been very costly to the assailants, there can be little expectation that a renewal of the offensive will be successful. A loss of nearly 200,000 men is far too high a price to pay for the small areas that have been won in Champagne and Artois. Had this number of casualties carried the British and the French within striking distance of a critical section of the German front, that fact would be full justification for the slaughter. But there is no evidence that the German line anywhere is in a critical condition because of last week's attacks.

It is impossible to confirm the German estimate of the enemy's casualties. Eventually the British casualty list will be issued from London, but France does not make public her losses. The recapture of the Hohenzollern redoubt from the British and of nearby positions from the French suggest, however, that the Allies must have suffered very heavily, since sufficient reserves were not at hand to hold these gains and to consolidate them with the previously won front.

The growing delay in opening a second artillery assault against the German lines may also be an indication that the Allies' losses have been very heavy. Had there been full satisfaction among the Allies' commanders with the result of the first attack last week, it is highly probable a new effort would now be under way.

Wilson will Vote for Suffrage

(By United Press)

Washington, Oct. 6.—President Wilson announced he would vote for the suffrage amendment in his home state of New Jersey on Oct. 19th.

Runaway Car Injured Fifty

(By United Press)

New York, Oct. 6.—A runaway elevated car, traveling at a high rate of speed, ended a half mile wild dash by crashing into a crowded Bay Ridge train, and injured over fifty. None are thought to be fatally hurt.

BRITISH GENERAL INJURED

London, Oct. 6.—Brigadier General Wohl Dode, second in command at the Royal Military college, and who was decorated for services during the Boer war, has been injured at the Dardanelles.

MUNITION WORKERS' STRIKE IS SETTLED

Cleveland Company Concedes All But One Demand.

Cleveland, Oct. 6.—The strike of munition workers at the plant of the Cleveland Automatic Machine company came to an abrupt end here when A. L. Garford, president of the company, led a crowd of 900 strikers in cheering his announcement that their wage increase and eight-hour demands had been conceded and that they had won the fight.

The workers a short time before at a special meeting had voted in favor of accepting the offer of the company granting all their demands except one pertaining to the open shop system.

TO FIGHT SUNDAY CLOSING

Chicago Liquor Men May Carry Case to Courts.

Chicago, Oct. 6.—The order issued by Mayor William Hale Thompson, that all dispensers of liquor within the city limits must obey the state Sunday closing law, met a varied reception in Chicago.

Mayor Thompson, on his way to San Francisco, said his conscience had told him he was right and he was glad he had issued the closing order.

There was jubilation in anti-saloon circles and depression in the ranks of those who favor the liquor interests.

Officials of the United Societies for Local Self-Government, the champion of the liquor forces, held several conferences with their legal advisers and sought for grounds on which the order could be attacked in the courts.

How to be Efficient

Nothing saps the vitality like kidney trouble. It causes backache, headache, stiff joints, sore muscles, "always tired" feeling, rheumatism and other ills. To be efficient, you must be healthy. Foley Kidney Pills strengthen the kidneys, help them do their work of filtering out from the system the waste matter that causes the trouble. H. P. Dunn, druggist.
